

REMARKS

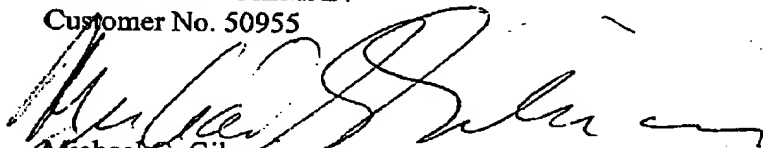

Reconsideration of the patentability of all of the claims of the above referenced patent application is solicited in view of the above amendments and the following comments.

In the response filed April 20, it is apparent that the last two (2) claims of this application were not transmitted as required and as noted in the Notice of Non-Compliance. The instant paper corrects this inadvertent error. Therefore, entry of the instant amendments is solicited.

All of the comments set forth in the response dated April 20, 2005 and hereby incorporated by reference. Allowance of all claims is solicited.

Respectfully submitted,
